Our History

OUR HISTORY

GK Textile was established in Honduras more than 30 years ago as one of the first foreign textile investors in the country, offering vertically-integrated operations that cover all areas of the supply chain: yarn, knitting, dyeing-finishing, cutting, sewing, printing, embellishment, embroidery and packaging services that include integrated logistics in order to deliver quality products to customers and markets across the globe.

What We Do

WHAT WE DO

GK Textile is a sustainable, all-encompassing, textile supply chain, specializing in innovative products from fiber to apparel. We use hundreds of thousands of spindles and state-of-the-art machinery to produce and distribute millions of pounds of yarns all over the world.

We knit, dye, and embellish to support customer requirements. We use advanced chemical technologies to secure extraordinary results in fabric manufacturing. Committed to sustainable processes, we are the hands of cutting-edge technology, the face of global connections, and drivers of the most high-tech apparel manufacturing solutions in the world.

Textile

Our Mission / Our Vision

Mission

Our mission is to provide innovative and sustainable solutions through products and services that always exceed customer expectations, contributing to a better quality of life for our employees, clients, and the community.

Vision

We believe in globally competitive, vertically-integrated textile and apparel solutions that create superior quality products and customer-centric services. We see continuous innovation as being the source of true positive impact.

Textile

GK Textile
is an evolutionary tapestry,
spinning a brighter future
for generations to come.

OUR DIVISION

We are a vertically-integrated company that has grown into the region's largest supplier of quality fiber and yarn. We rely on state-of-the-art machines, from Rieter, Toyota, Murata, and Trutzschler. We focus on forging solid partnerships with major U.S. and European brands to secure sustainable growth for our companies and employees across Central America.

We are committed, responsible, and accountable, working toward a better world, socially and environmentally. Thanks to our multiple spinning mills, located in Honduras and Nicaragua, we are capable of producing millions of pounds of yarns, giving us the business model necessary to meet clients' demands and to strengthen ties with strategic partners across Central America and the U.S.

Exceeding Expectations in Customer Experience

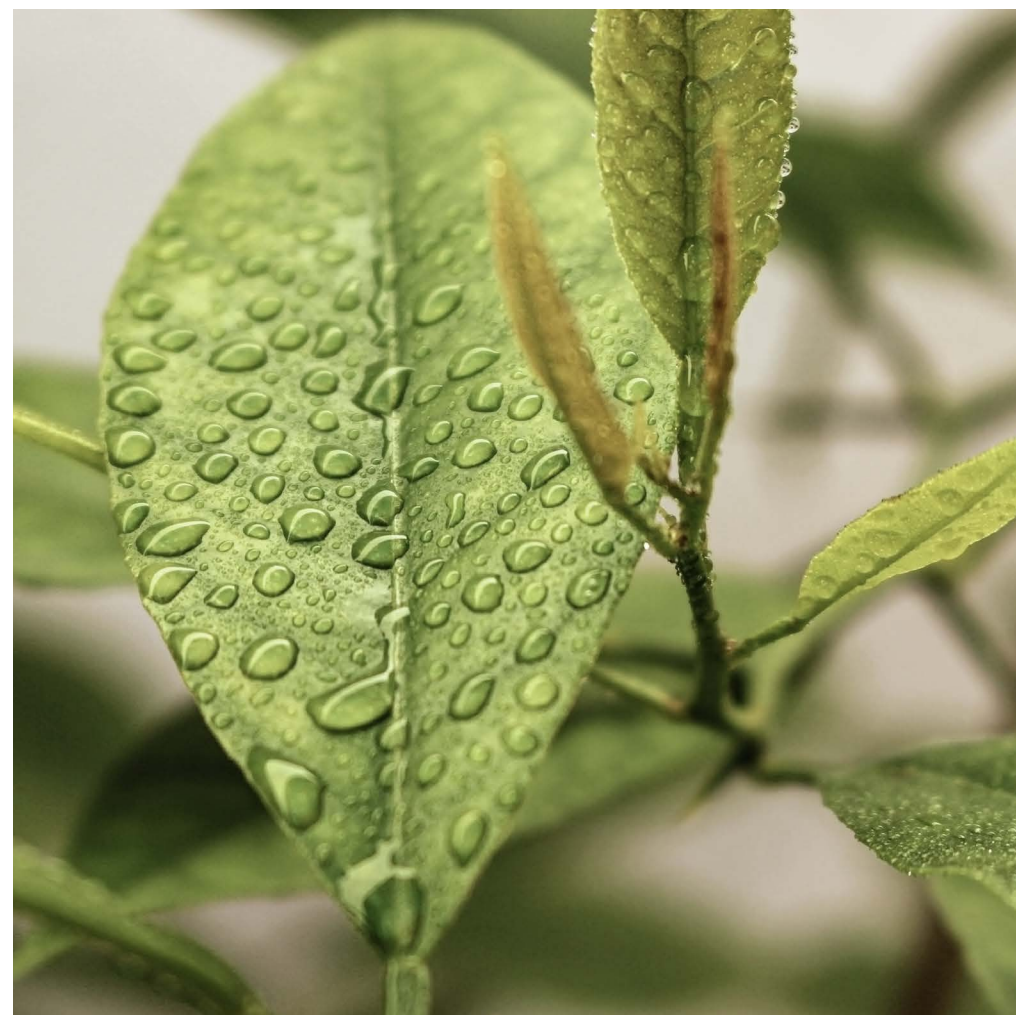

Supported by a certified customer experience team, Altia Smart City guarantees short response time and dedicated performance, meeting the needs and exceeding the expectations of our customers and partners every step of the way. In fact, we take care of everything. From the right infrastructure and operational reliability to innovative services, effective solutions, and local partners, we have what it takes to launch projects fast, so that our customers can focus on their core business management.

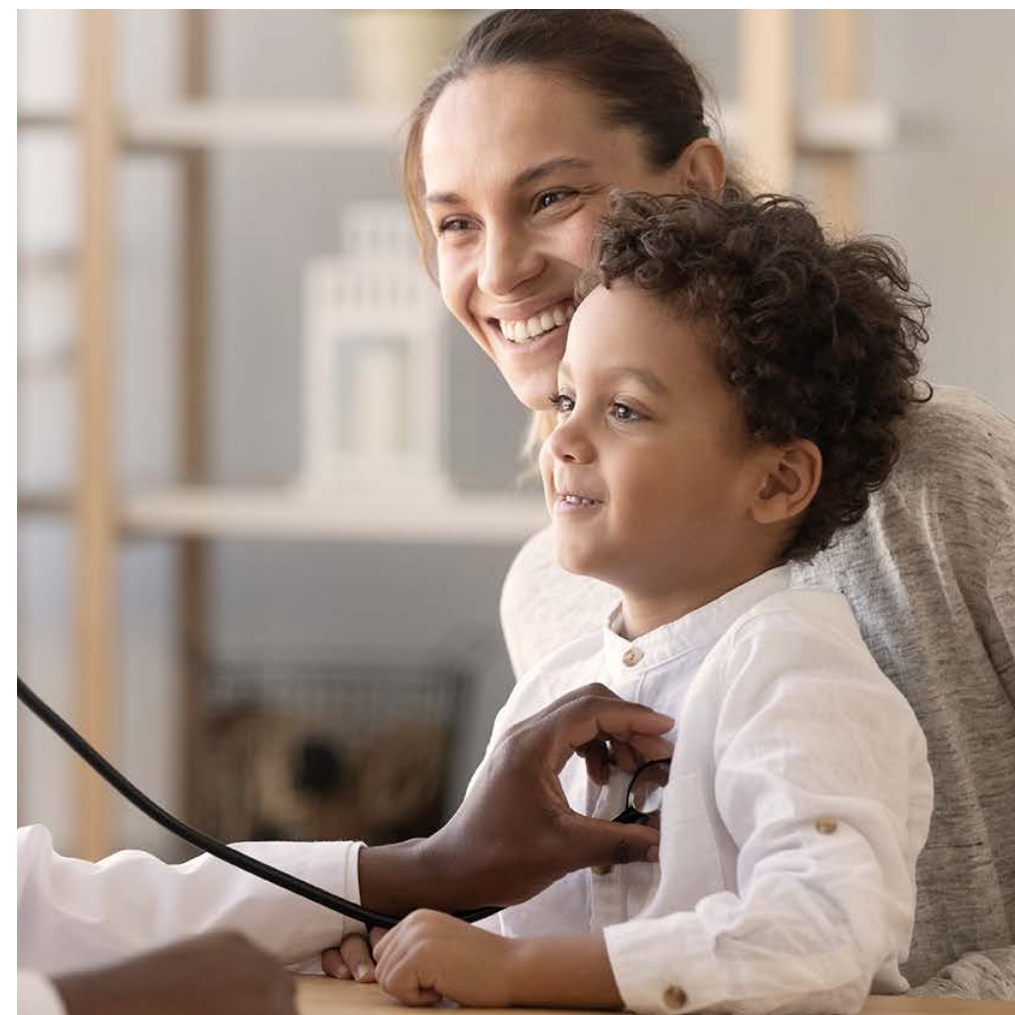

GK Sustainable Community Programs

GK COMMUNITY PROGRAMS

GK promotes social responsibility throughout the organization. With participation from strategic partners, our company has assisted local communities for over 40 years. We dedicate time and resources to help improve public health and nutrition, education, and the environment in those areas from which our businesses operate.

EDUCATION

Textile

Long-Term Sustainability through our GK Foundation

GK FOUNDATION

Agreement Signed between the Department of Education and the direction of C.E.B 18 de Noviembre, Mi Segundo Hogar and Esteban Guardiola.

This agreement turned the GK Foundation into the first to convert three PUBLIC CENTERS OF BASIC EDUCATION into First-Level Bilingual Schools.

VALUED-ADDED GUARANTEED

Students at these schools receive a Bilingual Certificate, approved by the Ministry of Education, at both primary and secondary level, opening doors to their future and encouraging them to continue studying at university level.

The Team

THE TEAM

MOHAMMED YUSUF AMDANI GK, CHAIRMAN

Mohammed Yusuf Amdani Bai is a successful businessman, entrepreneur, and investor. Born in Karachi, Pakistan and, today, a citizen of Honduras, he comes from a family with a longstanding tradition in the textile and yarn spinning industry. Amdani earned a Bachelor's Degree in Business Administration from the University of Karachi and an MBA, with a major in Marketing and Finance, from California State University at Fullerton.

In the early 90's he expanded the family business to Honduras, where GK is headquartered.

GK is a multinational corporation with operations in Pakistan, the USA, Mexico, the Dominican Republic, Honduras, Guatemala, El Salvador, Nicaragua, and Panama. It is a leading corporation in three major industries: textiles, real estate, and agriculture and has distinguished itself for valuing human resources as its main asset.

Amdani is deeply sensitive to the needs of the communities where GK operates; he has a generous heart and an elevated notion of solidarity. He believes that wherever his companies are located, these should provide significant benefits for employees, neighboring communities, and the country at large. He has established Corporate Social Responsibility as one of the values that must prevail in businesses and projects managed by GK.

Today, Amdani's dream of establishing the GK Foundation in Honduras has come true. This foundation has its counterpart in Campeche, Mexico and focuses on three main areas: health, education, and the environment. It develops massive social projects, such as The Medical Clinic "Amar y Compartir", which operates as an extension of the outpatient medical room of the Mario Catarino Rivas Public Hospital. The foundation also sponsors public schools that benefit more than 5,000 children and it has funded fully-bilingual free kindergartens in order to offer children better life opportunities and development. These activities resulted in Amdani being named President of the Honduran Foundation for Corporate Social Responsibility (FUNDAHRSE) from 2013-2017.

Amdani is currently Honorary Consul of the Republic of Indonesia in Honduras, offering diplomatic and government relations between Honduras and Indonesia.
